Driving Instructions

- From Salt Lake take I-15 South approximately 32 miles. Exit right at the Lindon/Orem 1600 North exit 273. Turn left at the stop light at the end of the off-ramp and go back underneath the freeway. You will be heading East, toward the mountains. Stay on 1600 North and proceed straight East approximately 2.3 miles until you get to the stop light at 400 East.
- Go through the stop light about a 300 yards until you see a driveway to the right which is before the large red brick building (that is the Fishbowl building).
- You may turn right here then make an immediate left turn into the parking lot and take the lane that angles slightly to the right. You will go about 100 yards then the parking lot will curve slightly to the left. About 50 yards past that slight left bend you will see on the face of the building on your left a large orange sign with Fishbowl logo on it. Park in any of the available parking spaces then go through the entrance doors to the left of the Fishbowl sign. We are on the 2nd Floor.
- **OR**, if you pass the first driveway, proceed approximately another 300 yards until you see the **Canyon Park Technology Center** sign on the right. Turn right onto Technology Avenue the street immediately after the sign. Go down the hill about 50 yards then turn right into the driveway that leads into the large parking lot.
- Proceed west through the parking lot—it will bend slightly to the left. Go past that slight left bend until you see on the face of the building on your right a large orange sign with Fishbowl logo on it. Park in any of the available parking spaces then go through the entrance doors to the left of the Fishbowl sign. We are on the 2nd Floor.
