

Fishbowl offers two powerful core products that can help the tens of thousands of manufacturers, online merchants, and retail stores in the tactical and firearm industry in the U.S. become more efficient, save time, optimize resources, and increase bottom lines. Their advanced features include:

- Barcode tracking
- Outsource processing
- QuickBooks® integration
- Serial and lot number tracking
- Multi-purpose work orders
- Vendor tracking
- Custom fields
- E-commerce integration
- ATF logbook

Fishbowl's products, **Fishbowl Manufacturing® (FBM)** and **Fishbowl Warehouse® (FBW)**, not only make manufacturing processes or warehouse management and distribution more efficient, they will facilitate easier compliance with all of the Department of Alcohol, Tobacco, and Firearms' data requirements. Whether your operation is large or small, Fishbowl has the tools to help you succeed. The table below lists powerful features found in FBM and FBW.
