INTEGRATIONS

Better automation through integration Fishbowl integrates with all of these popular solutions and many more to help you automate your business processes across the board. Check out all of Fishbowl's integrated solutions by visiting www.fishbowlinventory.com/fishbowl-integrated-solutions.

Additional Fishbowl Products—Fishbowl offers a growing number of software solutions in addition to FBM. These are great fits for different types of companies, including manufacturers, wholesale distributors, e-commerce businesses, and retailers because of their advanced and comprehensive functionality. Check out these products below:

• **Fishbowl Anywhere** – This plugin gives you remote access to Fishbowl Manufacturing and Fishbowl Warehouse on smartphones, tablets, laptops, and desktop computers.

• **Fishbowl Go** – A robust warehouse app that helps you perform cycle counts, scan barcodes, fulfill orders, and more on both Apple and Android mobile devices.

• **Fishbowl ShipExpress** – A free shipping plugin that lets you get price quotes from shippers, confirm customers' addresses, and print shipping labels and packing lists right from Fishbowl.

• **Fishbowl Checkout** – A point-of-sale solution that you can use to accept debit and credit card payments from customers and add them to the main Fishbowl software.

• **Fishbowl Hosted Services** – A server-hosting solution that provides digital security while also giving you remote access to your Fishbowl file, as well as Microsoft Office and other important files.

• **Fishbowl for Salesforce** – A plugin that puts Fishbowl's data into the Salesforce interface so salespeople can check inventory quantities, place orders, and monitor an order's progress from anywhere.

• **Fishbowl Time & Labor** – An online time clock solution that enables employees to clock in and out of work and managers to calculate payrolls. It integrates with Fishbowl Manufacturing to add labor costs to work orders.

We invite you to talk to one of our **Solution Specialists**. They are highly trained professionals who will gladly assist you with your manufacturing management needs. To see FBM in action, schedule an interactive product overview session. You'll connect to the desktop of a **Solution Specialists** and get a dynamic preview

of the product, its features, and how it can work with your business. This session can last anywhere from 10 minutes to 1 hour.

FBM is a powerful manufacturing management solution that will save you time and money, allow you to compete at a higher level, and grow your business..
